December 21, 1944

Subject: SWP Release #1 and #2 dated December 2, 1944 information regarding surplus war property at Geneva, Utah.

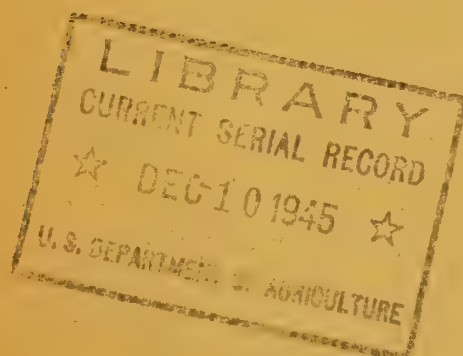

We are exceedingly sorry that there will be a delay in filling orders received from REA Cooperatives for surplus war property located at Provo, Utah. This delay is beyond our control.

After negotiations were completed with D.P.C. at Provo, orders were issued to transfer the authority for selling the property, from D.P.C. to R.F.C., Salt Lake City.

We have been advised by R.F.C. that two to three weeks will be required for them to re-inventory and value the property. They will then be in position to complete negotiations with us on prices.

Prices will be between 50% and 70% of your normal cost. All prices f.o.b. Carrier. If this is not satisfactory, please advise.

In the meantime, this gives an opportunity to those who have not done so, to send orders for materials included on SWP Release #1 and #2.

LOCATION: In all REA Regions

CONDITION: Mostly New. No used property will be considered unless condition and price warrant consideration.

PRICE: Between 50% and 70% of your normal purchase price. All prices will be f.o.b. Carrier.

The various Surplus War Property Disposal Agencies are sending us daily lists of the following surplus war property which in general are hard for you to obtain from normal sources. In your recent letter relative to surplus war property, you indicated your desire to obtain these properties.

If the price indicated above is satisfactory, please send us your order in DUPLICATE stating: QUANTITY, TYPE, and SIZE of each item, and your normal cost MARKED IN PENCIL. IF AFTER SENDING US YOUR ORDER THE STATUS OF YOUR NEEDS FOR THESE MATERIALS CHANGES FOR ANY REASON, PLEASE NOTIFY US IMMEDIATELY.

We will then be in a position to fill your order as the items become available in your region. If we cannot completely fill your order at one time, we will authorize the Disposal Agency to make partial shipments and complete the balance as the property becomes available.

These properties can be purchased without priority.

TO

All Bidders for Electric Motors

Located at Fort Crook, Nebraska

December 26, 1944

"This has reference to the invitation to bid on a quantity of Electric Motors located at Fort Crook, Nebraska which we sent you on December 15.

Owing to an accelerated and increased military program, Army Ordnance has recalled these Electric Motors, and we must withdraw our invitation and reject any bids received.

We do regret any inconvenience caused you by this action, but as we all know, anything necessary to the prosecution of the war must come first".
